

Hi to the new Y6s,

I'm really looking forward to teaching you in September. It has been strange these last months but hopefully we will get back to some normality when we return to school.

I have made a homework grid of ideas you may like to try in the holidays.

Our topic is Revolution so we will be looking at lots of things to do with the Victorian era and how things changed in, what was termed, the Industrial Revolution.

If I could ask you to work on 3 things in the holidays before we return, it would be these things:

- Times tables (we still have the subscription to TT Rockstars) as this will make every area of Maths easier;
- Sentence structure - understanding what is meant by a main clause and understanding of where one sentence ends and another begins. Pay attention to the sentences used in reading. See if you can find the main clause and how the author has added things around this main clause to create amazing sentences;
- Reading. I don't mind what you read but talk to others about what you have read and get them to ask you questions.

I hope you are all looking forward to Y6 and what this brings.

Have an amazing summer and I will see you all in September.

Year 6 Summer Homework Grid

Colour in each box once you have completed the homework assignment.
One must be completed each fortnight.

Make a list of 20 objects that we would use now that the Victorians used.	Draw or paint a picture of a scene from the Victorian times e.g. Queen Victoria on the throne, a matchbox girl out on the street, a poor family eating dinner.	Do something you have never done before.	Draw yourself or take a photo of yourself as a Victorian (sepia effects on cameras are really good for this) - you can be any type of Victorian you like (royalty, poorhouse child, rich factory owner, maid).	Spend the day doing something fun with your family.
Research a famous Victorian and present it in an interesting way. 	Create a job advert for someone to work as a maid in a rich household	Research the British Empire and how it grew during Queen Victoria's reign. Can you present this in a really interesting way? 	Create Victorian silhouettes following these simple steps. Take a photo facing sideways. Print out the photo and cut around their faces. Trace around your cut-out photos on black card. Cut out the traced shape and mount it on a white, oval-shaped piece of paper.	Imagine you are living in Victorian times. Write a paragraph describing three things you would like about living in that time and three things you don't think you would like.
Design an outfit for a <u>rich</u> person to wear in Victorian times.	Write 10 facts about Queen Victoria.	Write a timetable of a normal school day for you, then write a timetable of a Victorian schoolchild's day and find 3 ways they are different.	Go for a walk somewhere in Sheffield and write down any Victorian street names or buildings you see	Find out about Victorian surgical procedures before anesthetics were discovered. Who was Joseph Lister?
