Get your child's voice heard and make a difference

The Children's Commissioner for England, Dame Rachel de Souza, is launching a once-in-a-generation review of children's lives.

It's called 'The Childhood Commission' and it will identify the barriers preventing children reaching their full potential and propose policy solutions to address them.

At its heart is 'The Big Ask' – the largest ever consultation held with children.

In this survey the Children's Commissioner is asking children and young people what they think is important for their future and what is holding young people back. The Children's Commissioner will use what children and young people tell her to show the Government what they think and what they need to live happier lives.

It's an exciting opportunity to help us think big and it's a chance for every child in England to have their voice heard. We also want to hear what adults have to say.

Whatever the Weather

As we all know, the weather in springtime can drastically change throughout the course of the day. Even if it is sunny when you leave home in the morning, please come to school with a coat as the weather may change during the day. We will also continue to have the windows open in all classrooms this term, which is making classrooms much cooler than normal. Pupils may want to have appropriate layers on so they are not uncomfortable. Thank you.

Books

We are in the process of auditing the home reading books to see if we need to order any more. If you have any school books at home that your child has finished reading, please bring them in. We won't be upset if you have forgotten to bring a few back to school over the years and have accumulated a pile of them- we would much rather they were returned so we can spend the funds on other educational supplies.

Many thanks.
